New-generation LEDI®WORLD

A range of truly professional clocks

LEDI®WORLD 7 double-face

▶ DISPLAY SEVERAL TIME-ZONES ON THE SAME CLOCK

• Matt-finish anodised aluminium case:

for wall-mounting or flush-fitting. Its Reverso case is IP30 rated for standard single and double face version and IP54 for the waterproof version. IK9 shock-resistant.

• Anti-glare front face:

specifically treated against scratches, eliminates 80% of reflections due to outdoor light.

LEDI®WORLD 5.60

• Multilingual:

Names of cities in the language of your choice.

• Optimum legibility:

White marking against a black background. Names of towns on request.

• Tri-colour LEDs:

To change or mix the colour of the time display to red, green or amber yellow by the user at any time.

Blue or white on option.

Also on option: tri-colors display with very high luminescence.

• Specific light guides:

For better viewing angle up to 160°.

• Power supply:

230V.
Low voltage.
POE (Power Over Ethernet).
Multi POE.

• Temperature-compensated TCXO quartz timebase:

the integrated electronics constantly adjust the frequency of the quartz according to temperature variations for accuracy worthy of a professional clock...

Operating range: between -20°C and 70°C.

• Operation of the timebase:

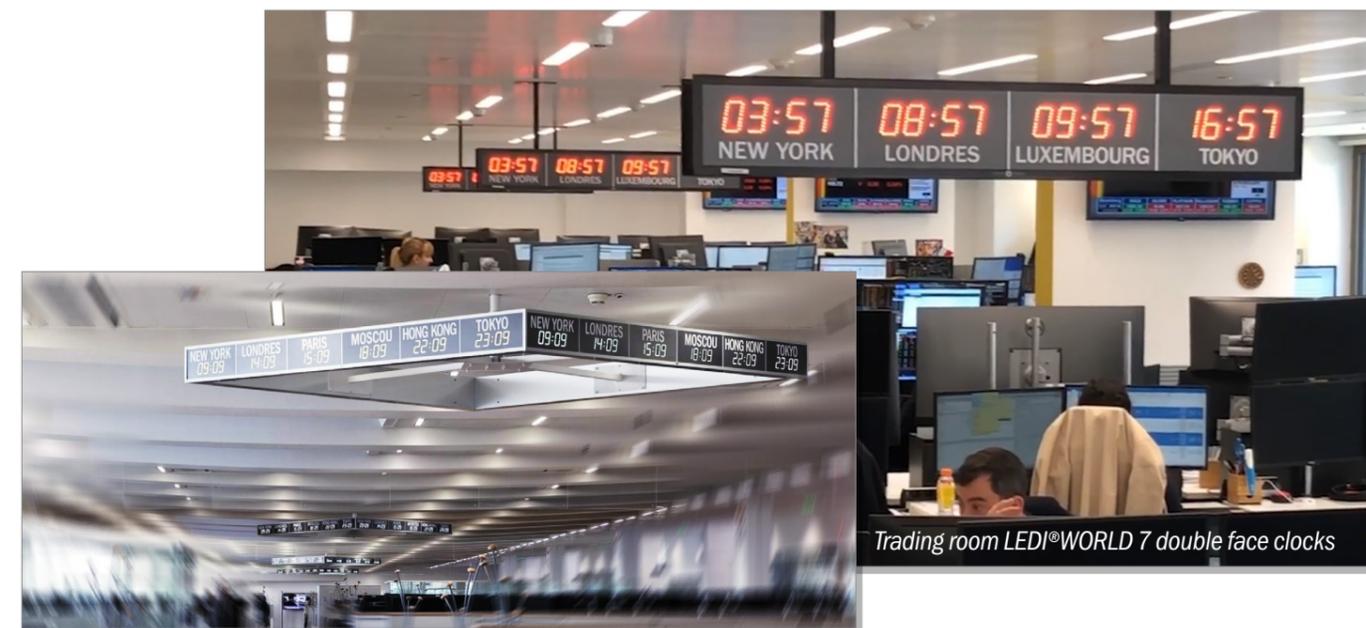

Standalone or radio-synchronised to DCF, GPS.

Synchronised by an external source :
